## **BOARD APPROVAL**

The contents of this administrative policy book has been reviewed and approved as official policies of West Burlington Arnold Senior High School by the Board of Education of the Independent School District of West Burlington on June 21, 2021. We support the enforcement of the rules and procedures within this policy book; furthermore, the Board will hold the staff accountable for following and enforcing procedures.

## **EQUAL EDUCATIONAL OPPORTUNITY**

The school district does not discriminate in its education programs or educational activities on the basis of race, color, national origin, religion, creed, sexual orientation, gender identity, gender, disability, or marital status. Students are educated in programs, which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of diverse cultural groups, as well as men and women, to society. Students who feel they have been discriminated against are encouraged to report it to the school district Affirmative Action Coordinator. The Affirmative Action Coordinator is Theresa Kirkman and can be reached at 607 Ramsey Street, West Burlington, IA 52655, (319) 754-6567. Inquiries by students regarding compliance with equal educational opportunity and affirmative action laws and policies, including but not limited to complaints of discrimination, may also be directed in writing to the Director of the Region VII office of Civil Rights, U.S. Department of Education 8930 Ward Parkway, Suite 2037, Kansas City, MO 64114 (816) 268-0550, or the Iowa Department of Education, Grimes State Office Building, Des Moines, IA 50319-0146, (515) 281-5294.

## **JURISDICTIONAL STATEMENT**

This handbook is an extension of board policy and is a reflection of the goals and objectives of the board. The board, administration, and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others.

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, on school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules and regulations are in effect 12 months a year. A violation of a school district policy, rule or regulation may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities whether the violation occurred while school was in session or while school was not in session. Students are expected to comply with and abide by the school district's policies, rules and regulations. Students who fail to do so may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules and regulations as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. ### **Attendance**

The Independent School District of West Burlington is committed to ensuring that every reasonable attempt is made to secure the attendance in school of all children enrolled in the District, and particularly those of compulsory attendance age. To that end, the superintendent, in conjunction with building principals, is directed to cooperate with the county attorney, officials of private schools in the district, and other relevant agencies, to enforce the state law of compulsory attendance.

Children between the ages of six and sixteen, as of September 15, residing in the Independent School District of West

Burlington are required to be enrolled in and attending an Iowa accredited public or private school, or receiving competent private instruction pursuant to state law. **By West Burlington School Board policy, children of compulsory attendance age who are enrolled in the Independent School District shall attend school for at least 175 days.**

Iowa now requires school districts to notify the Iowa Department of Transportation when a student under the age of 18 voluntarily withdraws from school. Students dropping out of school will have their driver's license suspended. The suspension shall continue until the person reaches the age of 18 or until the department receives notification from the appropriate school authority that the person is attending school.

The West Burlington Arnold Junior Senior High School absence policy is as follows:

1. Students who know they will be absent must notify the office prior to the absence. Absence is defined as "missing more than 5 minutes of class". If advance notification is not possible, parents should notify the office at 754-6567 on the day of the absence prior to 9:00 am to make sure the absence is not truancy or the school may contact a parent seeking verification. If phone contact is not made, upon returning the student should bring a note signed by the student's parents/guardian to the office explaining the reason for the absence. Should a student return to school without verification of his/her absence, such absence(s) must be verified within 2 school days or they become unexcused absences and will remain that way even if they had been for an excusable reason originally.
2. **The school determines whether an absence is excused, unexcused, or truant.** Excused absences include, but are not limited to illness, family emergency, recognized religious observances, prearranged/verified college visits (limited to juniors (2 days) and seniors (3 days), pre-arranged family vacations with a parent or guardian, funerals, legal obligations, and school activities. Such school activities are usually known about in advance, so students should expect to make up work as directed by the teacher. The teacher may request that the student not be allowed to participate in the school activity. It is strongly encouraged that appointments (medical, dental, etc.,) be scheduled outside of the school day whenever possible. Scheduled appointments may require verification. **Students with excessive excused absences (approx. 10% per trimester) will be required to provide professional verification.**
3. Unexcused absences include, but are not limited to, tardiness over 5 minutes, shopping, hunting, fishing, concerts, oversleeping, grooming, recreation, senior pictures, non-prearranged vacations, non-family vacations, class skip days, babysitting, driver's license renewals/applications, preparation or participation in parties or other celebrations, employment, and unverified absences. The consequence for an unexcused absence is the student will not be allowed any credit for the class on that day and will not be allowed to turn in any late or makeup work for that day. Unexcused absences will be monitored by the attendance associate. All absences must be verified within 2 school days or they become unexcused absences. Teachers may require students to receive instructional time after school on an hour per hour basis for unexcused absences.

COMPULSORY STUDENTS AND NON-COMPULSORY STUDENTS who accumulate 3 unexcused absences for a class in a trimester will have their parents notified by their teacher and the attendance secretary and be subject to school consequences. Students who accumulate 5 unexcused absences for a class will have their parents notified by the attendance secretary and will be subject to school consequences. Upon the accumulation of 7 unexcused absences per class per trimester an attendance cooperation meeting will be scheduled with the student, parent and administration. Upon the 8<sup>th</sup> unexcused absence in a class:

- a) non-compulsory students and their parents will be given notice of loss of credit for the course in which the absences have occurred
- b) compulsory attendance students (children between the ages of six and sixteen, as of September 15) will be considered truant. The consequence for being truant is the same as for an unexcused absence. In addition, the student and their parents will be referred to the county attorney for truancy prosecution.

Students who have been through the attendance cooperation process and/or county attorney referral who continue to have attendance problems are subject to:

- school consequences including but not limited to suspension and expulsion
- loss of all extracurricular and social privileges
- loss of credit and assignment to credit recovery options

The Iowa Department of Transportation will be notified for removal of driving privileges of any students who have dropped out of school or who have been expelled.

4. Students who need to leave school during the school day must receive permission from the office and have a note signed by the student's parents, have their parents telephone the office or notify the office when they pick them up. Leaving school during the day without office notification may be treated as a truant absence. Students who return to class or arrive after the school day has begun should present a signed note from their parents to the office, if telephone verification has not occurred.

5. Students participating in after-school non-graded activities (including practices) or appearing as a spectator must be in class the final half day for high school (periods 4, 5, 6) on the day of the event in order to participate. Only in extraordinary circumstances may the principal waive this rule.
6. Tardiness is defined as arrival to class after the beginning of class without a staff signature for admission to class. Upon the 3rd and 4th tardy to one class per trimester, students will be required to make up time commensurate to the amount of time missed. This may occur before or after school, during lunch or during intervention time. and parents will be contacted. Five (5) or more tardies to one class in an academic term will be considered chronic tardiness. Chronic tardiness will lead to parent/student conference with teacher/administration, being assigned to attendance intervention, in-school recovery or other appropriate disciplinary consequences such as an extra-curricular ineligibility period ranging 15, 30, 45 days. Failure to serve in the time frame assigned will result in loss of eligibility for all social and extracurricular activities and open campus privileges until the consequence is served. In addition, students failing to serve could be subject to in- and/or out-of-school suspension.

If a student is tardy because they were making up work for a teacher, that teacher should call the student's next classroom teacher or send the student to class with a pass.

## **ACADEMIC INTEGRITY**

All Students are expected to do their own course work independent of unapproved sources. Academic Dishonesty (cheating) is prohibited, and includes but is not limited to:

- Looking at or copying another student's work
- Plagiarism or copying from sources without citation

The students' progress will be reviewed weekly by the MTSS team and interventions will be put in place that promotes student success. The appropriate interventions will be determined by the MTSS team. These interventions include but are not limited to academic seminars, curricular seminars, lunch seminars, MTSS class time, classroom pullouts, and before or after school study table. If a student refuses to attend assigned interventions, possible truancy consequences may apply.

## **GRADE REPORTS**

Progress reports will be emailed twice, about every 20 days, and grade cards will be sent at the end of each term. For parents and students without access to email, grade cards will be mailed home via the postal service. Parents and students will have access to the school's online grade program through the Infinite Campus student management system. To access these reports, parents must register their email address and receive a username and password from the school office.

Students who receive incomplete grades must have all work completed 10 school days after the end of the grading period or by arrangement with the teacher and the academic support program. Failure to complete make-up work in the allotted time may result in a failing grade.

## **ADDING/DROPPING COURSES (HIGH SCHOOL STUDENTS ONLY)**

Students who wish to add or drop a class must do so within (4) school days after the start of the term. The parent(s), teacher, and guidance counselor's permission are necessary to add or drop a class. Any attempt to drop a class after the 4-day period each term will require a parent-teacher conference with the Administration. If a drop is agreed upon, the drop will be recorded on the report card/transcript as, WP (withdraw/passing), WF (withdraw/failing), WA (withdraw/administrative) or F for that course. Any student that is removed from a class due to an administrative decision as part of a dropout prevention measure will be coded as WA. This decision will not impact eligibility. All other removals WP, WF, or F will result in students ineligible for 30 days at the start of the next term and will affect the student's GPA and honor roll status for the term.

## **CLASS LOAD (HIGH SCHOOL STUDENTS ONLY)**

Students in grades 9-12 must be registered in credit earning classes each period. Seniors may take fewer credits per term if classes at SCC require travel time and do not meet every day. Seniors participating in Post-Secondary Enrollment Options through SCC are required to take at least 3 high school courses per term to be athletically eligible. The max number of college credits per term is 12 per student, or no student shall be enrolled in 24 or more credit hours of college courses delivered through Senior Year Plus programs per academic year

### **GUIDANCE PROGRAM**

There are three major areas of counseling services available for students. Students are encouraged to take advantage of these counseling services. The three areas of service are listed below:

1. Understanding of Self--The student who understands why he or she feels and behaves in certain ways (personal emotions and actions) becomes a happier and more effective individual due to an increasing ability to adjust to the world in which he or she lives. Individual and group counseling can provide greater understanding of self and aid in the development of personal coping skills.
2. Personal/Social Development--Learning how to relate better with friends, teachers, parents, and people in general can also contribute to a happier and more effective life. Counseling can assist students in gaining a fuller understanding of themselves in relation to others and in developing interpersonal relationship skills.
3. Future Life Plans--High school years are a preparation period for either further education or employment. As such, they are very important years during which students need to give serious thought to educational and career opportunities that they will need to plan for and work toward. Counseling services provide individualized assistance in career exploration and educational planning.

Students are encouraged to set an appointment with the counselor to take advantage of the above services whenever they feel a need exists. Parents and staff are encouraged to direct students to the counselor for individualized attention whenever in their judgment a student can benefit from counseling. Parents and staff are also encouraged to use the counselor's expertise on a consultant basis to obtain advice on how to best meet the needs of their child or their student.

### **HOMEWORK/MAKE-UP ASSIGNMENTS**

Teachers may assign homework for extra class activities, to share and discuss ideas, to review materials, to become acquainted with resources, to organize thoughts, to prepare for classroom activities or to make up incomplete class work. Students are expected to complete homework on time. Failure to complete homework may result in loss of class credit and a failing grade in the class.

Students are responsible for obtaining assignments after being absent from school for any reason. Make-up assignments must be turned in three days after the students return to school. Any variance from these rules will be by teacher approval. Students who are planning to be absent from school for family trips are required to obtain a pre-arranged absence form from the office.

The form must be signed by an administrator and the teachers of the classes that the student will be missing and must be submitted to the attendance secretary prior to absence for the absence to be considered excused.

Make-up work for unexcused absences will be denied. This will include failure to properly submit a pre-arranged absence form for absences that are known in advance.

### **HONOR ROLL AND ACADEMIC HONORS**

West Burlington Arnold Junior/Senior High School students must receive a G.P.A. of 3.0 on a 4.0 grade scale to achieve term academic honor roll. Students who receive a G.P.A of 3.5 or higher will achieve high honor roll distinction.

Beginning with the sophomore year, students who rank in the top 10% of their class are awarded an academic letter and/or bar at the Spring Fine Arts/Academic Awards Reception.

Any student who attends WBAHS for a minimum of the final six terms is eligible for Valedictorian and Salutatorian award. The Valedictorian and Salutatorian students will be selected from those students earning the Honors Diploma. Valedictorian goes to top ranked student(s) and the Salutatorian goes to the second ranked student(s). In case of a tie between students, only the Valedictorian award will be presented.

### **HUMAN GROWTH AND DEVELOPMENT**

The school district provides students with instruction in human growth and development. Parents may review this curriculum prior to its use and have their child excused from this instruction. Parents should contact the principal if they wish to review the curriculum or to excuse their child from human growth and development instruction.

### **OPEN ENROLLMENT/TRANSFER STUDENTS**

Iowa's open enrollment law allows students residing in one school district to request transfer to another school district upon the parents' request. Students who leave the district and who wish to continue their educational program at West Burlington may do so by completing the open enrollment form and requesting continuation of program. Students interested in open enrolling out of the school district must contact the Superintendent for information, time-lines, and forms.

Students who transfer into the district must meet the same requirements as those students who initially enroll in the district. This includes age and immunization requirements. If possible, the student must provide the district with proof of the student's grade level or permanent records. In the case of a homeless student, the superintendent will make the grade level determination. For students wishing to transfer out of the district before graduation, the student's parents should notify the administration in writing as soon as possible. The written notice should include the anticipated last date of attendance and the name and address of the school district to which the parent would like to have the student's records sent. After such notice is received, the student will receive instructions regarding the return of textbooks, library books, locker equipment, hot lunch tickets, etc. No refunds will be made until all fees or fines have been paid.

### **PHYSICAL EDUCATION**

All students will be required to take two terms per year of physical education classes unless excused by the administration for reasons consistent with those permitted by State law or those exercising the senior year exemption. Senior year exemption allows a student to be exempt from one (1) term of PE if their academic load is full and there is a scheduling conflict or the student is involved in a school athletic activity. Senior year PE exemption forms must be submitted within 4 days of the start of the term. By signing the form, students and parents agree to follow specifications of the PE exemption.

All students are required by state regulations to have 120 minutes each week of physical activity. Students not meeting the 120 minutes regulation are required to have a written physical activity agreement form on file with the school office. The written physical activity agreement stipulates how the student will achieve 120 minutes of physical activity each week.

Students will be expected to actively participate in physical education activities. Excused absences will be allowed to be made-up by contacting the PE teacher. Overly aggressive behavior leading to unsafe playing will not be allowed. The school will not be responsible for valuables taken into the locker rooms. Students are to leave any valuables in the school office or with the P.E. instructor.

### **POST-SECONDARY ACCELERATED CREDIT EXPERIENCE (HIGH SCHOOL ONLY)**

Students in grades eleven (11), twelve (12), and T.A.G. (9-12) may receive credit toward the graduation requirements for courses taught in post-secondary educational institutions and correspondence courses from a post-secondary institution if they have obtained the minimum level of proficiency in Math, Science, and Reading on the most recent state-wide Iowa Tests. If a student is not proficient in one or more content areas, the student may be deemed eligible if they have scored proficient in one of the locally determined assessment measures such as Aleks Math, IXL, Apex Learning, or another assessment approved district assessment. Proficiency scores from only two sources may be combined together to determine eligibility for Post secondary enrollment.

The school district will pay for tuition and other costs directly related to a course if approved by the Superintendent and successfully completed. If it is not successfully completed the student is responsible for the tuition. Seniors participating in Post-Secondary Enrollment Options through SCC are required to take at least 3 high school courses per term to be athletically eligible. The max number of college credits per semester is 12 per student, or no student shall be enrolled in 24 or more credit hours of college courses delivered through Senior Year Plus programs per academic year.

## Term Exams/Tests

JH students taking high school classes' may be required to take end of course term tests to assess their level of content knowledge

Term tests or an appropriate alternative assessment may be given to all High School students in all classes designated academic solids if the teacher requires them. Students may be exempted by the classroom teacher from end of term tests for the following reasons:

- Demonstration of mastery of the academic standards each term – 94-100%
- Teacher established performance standard on the Iowa Assessments

## STANDARDIZED TESTS

Students are given standardized tests annually. These tests are used to determine academic progress for individual students, for groups of students and for the school district. Students are tested unless the principal excuses them.

## STUDENT RIGHTS AND RESPONSIBILITIES

### BEHAVIOR EXPECTATIONS

West Burlington Junior/Senior High School is a Positive Behavior Interventions and Supports (PBIS) school. PBIS is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving important social and learning outcomes while preventing problem behaviors through a collaborative team approach by analyzing and responding to discipline-related behavioral patterns. As a part of this model, students are expected to **SOAR** during the regular school day, as well as during activities before and after school. Disciplinary consequences used for student infractions of district policies and rules may vary depending on severity of the non-SOARING behavior. Examples of SOARING behaviors include:

Students who meet or exceed behavioral expectations will be recognized and rewarded for their positive behavior through the use of a school wide recognition system known as SOAR tickets/credits. These can be used to purchase a variety of classroom level and school-wide recognition rewards.

Consequences for violations of the **SOAR** expectations fall into one of the following categories:

**TEACHER MANAGED INTERVENTIONS** – Staff members may apply teacher managed interventions and consequences to help students change their behavior in the classroom or common areas of the building. Interventions and consequences may include, but are not limited to: warning, letter of apology, loss of privileges, safety seat, change in seating, parent contact, teacher conference with student, detention, lunch detention, written reflection, parent-guardian involvement, or behavior contracts. For a complete list of possible interventions see <http://www.pbisworld.com/tier-1/>. At or before the time when the student receives his/her third teacher assigned intervention or consequence the parent will be notified by the teacher of the misbehavior. At the time of the fifth teacher assigned intervention or consequence it will be considered a major violation and the student will receive an office discipline referral. At the time of the tenth teacher assigned detention or consequence the teacher, the parent, the student and Principal will meet to discuss what improvements need to be made in the student's behavior and to notify the student and his/her parent of potential consequences of future misbehavior.

**OFFICE MANAGED INTERVENTIONS** – Administrators may apply office managed consequences for major violations or chronic minor violations of classroom and schoolwide expectations. Consequences may include, but are not limited to: warning, detention, restitution, restoration, loss of privileges, parent contact, time in office, demerits, conference with administration, parent conference, in-school recovery, out-of-school suspension or expulsion.

**OFFICE REFERRAL** – An office discipline referral will be given to a student who is sent to the office for chronic minor or major violations of school behavior expectations. The student will conference with the Administration and the student's parents will be notified of the situation. A conference with the staff member issuing the office referral may or may not take place as determined by the administration. The student must own their behavior by making appropriate amends/apologies to appropriate parties. Administration will determine additional consequences for office referrals which may include time in office, apology, mediation, restorative justice, loss of privilege, demerit, parent conference, detention, demerit, suspension or expulsion.

**TEACHER ASSIGNED DETENTION OR CONSEQUENCE** – Teachers may assign detentions or consequences for inappropriate student conduct in the learning environment.

**POSITIVE BEHAVIOR INTERVENTION AND SUPPORTS ALTERNATIVES** – PBIS alternatives may include, but are not limited to school service, mini-courses, parent supervision, counseling, community service, check-in/check-out, check and connect, behavior monitoring, restitution, problem solving or behavior contract, loss of privileges, time out, referral to community mental health services, written apologies

**CLASS REMOVAL** – A student may be removed from any class for disruptive conduct and violation of class rules. If removed from class, the student will report to school administration. The student will be able to complete and receive credit for all assignments for each removal day.

First removal – student is removed for one day. Teacher contacts the parent to discuss the reason for removal.

Second removal – student is removed for up to three days, meeting arranged by teacher with parents, student referred to PBIS Tier 2 team.

Third removal – student is removed for up to five days, meeting arranged by teacher with parents.

**DEMERIT** – A demerit is a written warning for inappropriate behavior or violation of school expectations. A demerit may be issued by administration for discipline offenses and/or violations of school expectations/policies. The student will receive a copy of the demerit and the parent will be notified.

- Demerit #12 will result in a meeting with the parent, the student, and the Administration. The student will be recommended for expulsion.

**IN-SCHOOL RECOVERY** – A student may be assigned an in-school recovery from one to three days in length for an accumulation of demerits, truancy, or office referrals or for any act of misbehavior of moderate seriousness. The serving of an in-school recovery does not replace any demerits or detention time the student received. In-school recovery may also be assigned for failing to serve assigned detentions.

**OUT-OF-SCHOOL SUSPENSION** – A student may be assigned an out-of-school suspension from one to ten days in length for an accumulation of demerits or office referrals as well as for serious or repeated acts of misbehavior. Out-of-school suspension may also be assigned for failing to serve assigned detentions.

**EXPULSION** – A student may be expelled from school by the school board for actions that are not only against school rules but require expulsion under state or federal regulations as well as for serious or repetitive acts of misbehavior.

**Failure to serve assigned detentions in the time frame given may result in the consequence being doubled. Continued failure to serve may result in a school suspension.**

### **BICYCLES/MOPEDS/SKATEBOARDS/ROLLER-SKATES OR BLADES**

The City of West Burlington requires that all bicycles be licensed. For your own protection, you should have your bicycle registered with the West Burlington Police Department. Bicycles and mopeds are to be used only as transportation to and from school. Skateboards, roller-skates, rollerblades, scooters, and hee-lies (wheeled shoes) are prohibited on school property. The Principal will handle all safety violations. The students will be asked to correct the violation or privileges may be revoked. Taking another student's transportation equipment without permission will be considered stealing and the proper authorities will be notified. Bicycles and mopeds are to be parked in the spaces provided.

### **CARE OF SCHOOL PROPERTY**

Students are expected to take care of school property, including desks, chairs, books, lockers, and school equipment. Vandalism is not tolerated. Students found to have destroyed or otherwise harmed school property will be required to reimburse the school district. Depending upon the severity of the vandalism, the student may be subject to the Good Conduct Rule as well as other behavioral consequences. Students may be reported to the police.

### **Corporal Punishment, Restraint, and Physical Confinement and Detention**

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things, such as prevent harm to persons or property. State law also places limits on school employees' abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parent.

If you have any questions about this state law, please contact your school. The complete text of the law and additional information is available on the Iowa Department of Education's website: [www.iowa.gov/educate](http://www.iowa.gov/educate) and search for Timeout, Seclusion, and Restraint.

### **CORRIDOR CONDUCT**

The conduct of the students in the corridors is sometimes the basis used by visitors in the building for evaluating the entire school. Running and boisterous behavior are considered out of order. Center square, just outside the cafeteria, is a non-loitering area. Students are not permitted to block access to lockers, nor are they to congregate in groups that block hallways or doors as this hinders traffic. Students are to keep conversations appropriate for school. Inappropriate language and harassment of others will not be allowed. While at school, affectionate displays between couples will not be tolerated. School is neither the time nor the place for the display of affection.

### **DRESS CODE**

Students are expected to dress in a fashion that does not disrupt the orderly, disciplined atmosphere of the school or the classroom-learning environment. The following is a list of **EXAMPLES OF attire CONSIDERED INAPPROPRIATE** for an educational environment; **Students with medical conditions or verified religious beliefs should discuss with administration how the student can be supported.**

- Hats, caps, hoods, sunglasses, hairnets, head scarves, headbands (other than those worn to hold back hair) and other headgear.
- Attire which is considered too revealing or distracting such as: tube tops, halter-style tops, single strap or strapless tops, tops that show bare shoulders or cleavage, tops or shirts that are cropped or cut to expose midriff or naval. Sleeveless shirts must be hemmed.
- Outer garments must not reveal undergarments or be revealing (**LOW SLUNG OR SAGGING OR EXCESSIVE HOLES**)
- Attire promoting products illegal for use by minors (alcohol, drugs, tobacco)
- Attire which contains reference to subversion or which promote subversive activity
- Shoes with cleats, bedroom slippers, rollerblades, and roller shoes. Students are required to wear shoes or sandals
- Clothing that displays obscenity, profanity, vulgarity, gang related clothing, racial remarks, or sexual remarks
- Books bags/backpacks/fanny packs/purses. Students will be allowed to carry these items into school, but must be left in their locker during the school day.
- Coats/jackets. These items are to be left in the student's locker during the school day. They may be worn in classrooms at the individual discretion of the teacher.

**Students will be asked to make corrections in their dress in order to be appropriate for an educational environment. Students who violate this policy may be subject to disciplinary measures or sent home.**

## **DUAL ENROLLMENT STUDENTS**

Home school or home school assistance program students enrolled in classes or participating in school activities in the school district are subject to the same policies, rules, and regulations as other students and are disciplined in the same manner as other students.

## **DUE PROCESS**

To ensure that the students receive fair treatment consistent with the fundamental requirements of due process (regardless of race, gender, or special education) student suspensions or recommendations for expulsions must be made in accordance with the following:

A student may be suspended for up to ten consecutive school days by an administrator for a commission of serious or repeated infractions of school rules, or when the presence of the student will cause substantial interference with the maintenance of the educational environment of the normal operation of the school. The administrator shall conduct an informal investigation of the charges against the student, giving the student:

- Oral or written notice of the allegations against the student.
- The basis in fact for the charges.
- The opportunity to respond to those charges.
- The right to appeal.

## **Appeal Provision:**

Any student or parent who believes that the actions of a teacher or other school official were unfair or unreasonable under the circumstances or in violation of these rules or board policy may request an informal hearing before the teacher or official's supervisor. The following chain of command is to be followed:

1. From a teacher's actions -- Following an attempt to resolve the situation with the teacher, contact the principal.
2. From a principal's decision -- Contact the superintendent.
3. From the superintendent's decision -- Go to the Board of Directors of the West Burlington Schools.
4. From the Board decision -- To the State Board of Education.

## **FREEDOM OF EXPRESSION**

Under the U.S. Constitution, all individuals have the right of freedom of expression. However, student expressions made on school premises or as a part of a school-sponsored activity may be attributed to the school, such expression must be appropriate to the activity. Students will be allowed freedom of expression of their viewpoints and opinions as long as the expression shall not, in the judgment of the administration, encourage the breaking of laws, cause defamation of persons, or contain obscenity, or indecency. The administration has the right to determine the time, place, and manner in which the expression is to be allowed so as not to disrupt the educational program of the district. Students who violate this policy may be subject to disciplinary measures.

## **HALL PASSES**

Students must have a hall pass or be accompanied by a school staff member to be in the halls during class periods. Hall privileges can be revoked by administration for repeated hall violations or abuse of the hall privilege.

## **ILLEGAL ITEMS FOUND IN SCHOOL OR ON SCHOOL PROPERTY**

Students are prohibited from possessing, selling, distributing, concealing, or being under the influence of alcohol, drugs or look-a-like substances; possessing drug paraphernalia; and possessing or using tobacco, tobacco products or look-a-like substances. Students are prohibited from using, possessing, carrying, or manufacturing dangerous or potentially dangerous objects such as: knives, razor blades, matches, and lighters. Weapons or look-alikes are not allowed on school grounds or at school activities with the exception of weapons in the control of law enforcement officials or those being used for educational purposes and approved by the principal. Concealment of illegal activities can carry the same penalty as the activity. Consequences for student misconduct may range from a verbal warning through expulsion. Students bringing firearms to school or possessing firearms at school will be expelled for not less than one year. Parents of students found in violation of this policy will be contacted. The severity of the infraction and the students' discipline files will be used to determine the appropriate consequences, including notification of law enforcement.

## **INTERROGATION BY OUTSIDE AGENCY**

As a general rule, individuals from outside of the school district may not interrogate students. If an individual, such as a law enforcement officer wishes to interrogate a student, the request must come through the administrative office. Such a request will be granted only when, in the discretion of the administration, such action is in the best interest of the student's welfare, when a child abuse investigator, or when such interrogation request is supported by a court order makes the request. Prior to allowing the interrogation, the administrator shall attempt to contact the parent or guardian of the child and inform them of the request and ask if they wish to be present (except in cases of child abuse).

## **LOCKERS AND DESKS**

Student lockers and desks are the property of the school district. Students shall use the lockers and desks assigned to them for storing their school materials and personal items necessary for attendance at school. It shall be the responsibility of each student to keep the student's assigned locker and desk clean and undamaged. The expenses to repair damage done to a student's locker and desk are charged to the student.

Although school lockers, desks and other spaces are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has reasonable and valid interest in ensuring the lockers, desks, and other spaces are properly maintained. For this reason, lockers, desks, and other spaces are subject to unannounced inspections and students have no legitimate expectations of privacy in the locker, desk, or other space. School officials in the presence of the student or other individual may conduct periodic inspections of all or a random selection of lockers, desks, or other spaces. Any contraband discovered during such searches shall be confiscated by school officials and may be turned over to law enforcement officials.

The contents of a student's locker, desk, or other space (coat, backpack, purse, etc.) may be searched when a school official has reasonable and articulable suspicion that the contents contain illegal or contraband items or evidence of a violation of law or school policy or rule. Such searches should be conducted in the presence of another adult witness when feasible.

### **MOTOR VEHICLE USE**

Parking on school property is a privilege, not a right. Students are expected to maintain good driving habits and to follow the guidelines listed below.

- Students who drive motor vehicles are required to park in designated parking spaces and register vehicle information in the office and pay for a parking permit. Students are not to park on either side (east or west) of the front row of the school parking lot or in the lot behind the school.
- The Administration will handle violations of parking procedure and will be referred to the police. The Administration may ban students from parking on the school property for violations. Cars parked improperly (i.e., backed in, taking two spaces, parked on grass) or in unauthorized areas may have their parking privilege revoked and/or vehicle towed. Students reported for reckless driving or speedings of motor vehicle use and/or safety concerns.
- **School administrators reserve the right to search any vehicle without prior notice in accordance with Iowa Law.**

### **PARENTAL/STUDENT CONCERNS/GRIEVANCES**

If there is a concern or problem with a school employee in relation to the performance of his/her duties, with school rules or policies, or with any aspect of the everyday operation of the school, we encourage you to talk with us. This will help to either clarify what has occurred and allow appropriate changes to be made or help you better understand what has taken place and why. Please take your concern or problem to the person that is directly involved first. If no mutual understanding can be reached, then go to that person's supervisor. **EXAMPLES:** If your concern is with a teacher or coach, talk with that teacher or coach first and then with the principal if necessary. If your concern is with the rules or policies, talk to the principal first, and then with the superintendent if necessary.

### **PERSONAL ELECTRONIC EQUIPMENT: Cell Phones, Tablets, IPODS, other devices**

- **JH STUDENTS** - Use of this type of equipment in school from 8:10 – 3:28 is prohibited. Non-educational uses such as, but not limited to, phone calls, text messaging, games, and taking pictures will be an infraction. Student use of headphones will be limited to small earbuds only. Headphones are only to be used for academic purposes in classrooms at the teachers discretion.
- **HS STUDENTS** – The use of cell phones, tablets, ipods, and other similar devices are not allowed to be used during academic instructional class time. Academic instructional class time includes study hall, detention, seminars, field trips, assemblies, and any other time a staff member or administrator deems necessary. Electronic devices may be used during non-academic times such as lunch, passing time, and before and after school as long as they are not used in a manner that disrupts the educational environment. Student use of headphones will be limited to small earbuds only. Headphones are only to be used for academic purposes in classrooms at the teachers discretion. No headphones to be used or seen in the hallway or other common areas during passing periods and academic instruction time. Headphones may be used during lunch in the lunchroom and during social seminars in the social seminar area.

Students who choose to bring electronic equipment and technology devices to school, do so at their own risk. West Burlington Arnold Jr/Sr will not be responsible for broken, lost, or stolen items. Students who have been removed from a class, referred to the office or assigned to in-school recovery must relinquish possession of their electronic devices for the duration of their removal or suspension.

Non-educational uses such as, but not limited to, phone calls, video calls, text messaging, games, and taking pictures and/or videos will be an infraction and will be handled as follows:

**1<sup>st</sup> offense in a year:** Device confiscated and turned in to the office to be returned to the student at the end of the school day.

**2<sup>nd</sup> offense in a year:** Device confiscated and turned in to the office to be returned to parents at the end of the school day.

**3<sup>rd</sup> offense in a year:** Device confiscated and turned in to the office to be returned to a parent at the end of the school day.

Student will be expected to drop phone off with office personnel at the start of the school day or not be in possession of the phone in the building for the remainder of the year. Any subsequent cell phone offenses will result in a demerit and phone being confiscated and returned to a parent at the end of the day.

**Camera Cell Phones or Cameras:** Use of any electronic equipment that can make images of others is prohibited, especially in rest rooms or locker rooms where supervision is not always available. Use may result in suspension and referral to police.

Any digital image or cyber information including but not limited to; text-messages, emails, facebook, or other electronic post, that

school administration becomes aware of and that causes a substantial disruption to the school or classroom environment may cause the person in possession or portrayed in the digital image or author of information to be subject to detention, demerit, or suspension. In deciding the appropriate consequence for the school disruption the administration will take into account what is being portrayed within the image and cyber information. As digital images and cyber information may vary according to content, each case will be dealt with on a case by case basis.

### **POSTING OF INFORMATION**

Students who wish to post or distribute information must receive permission from the principal prior to the posting or distribution. This applies whether the information deals with school sponsored or non-school sponsored activities. (The Principal's signature must be put on anything posted in the school).

### **PUBLICATIONS**

Students shall be free to express themselves in school-sponsored publications except for the following restrictions:

- Students shall not publish or distribute materials that are obscene, libelous, slanderous, or infringe on the rights of others.
- Students shall not publish or distribute materials that encourage students to commit unlawful acts, violate lawful school regulations, or cause material and/or substantial disruption of the orderly operation of the school. Within these guidelines, advisors and student- staff members shall maintain professional standards of English and journalism when choosing which information to publish in school-sponsored publications.

### **STUDENT SEARCHES**

In order to protect the health and safety of students, employees, and visitors to the school district and for the protection of the school district facilities, students and their belongings and school-owned lockers and desks may be searched or inspected. A search of a student will be justified when there are reasonable grounds for suspicion that the search will turn up evidence that the student has violated or is violating the law or school district policy, rules, or regulations affecting school order.

Considering factors such as the following may form reasonable suspicion:

1. Eyewitness observations by employees;
2. Information received from reliable sources;
3. Suspicious behavior by the student; or,
4. The student's past history and school record although this factor alone is not sufficient to provide the basis for reasonable suspicion.

A search will be permissible in its scope or intrusiveness when the measures adopted are reasonably related to the objectives of the search. Reasonableness of scope or intrusiveness may be based on factors such as the following:

- The age of the student;
- The sex of the student;
- The nature of the infraction; and
- The urgency of the situation.

A student's body and/or personal effects (e.g. purse, backpack, etc.) may be searched when a school official has reasonable suspicion to believe the student is in possession of illegal or contraband items or has violated school district policies, rules, regulations, or the law affecting school order.

Personally intrusive searches will require more compelling circumstances to be considered reasonable. If a pat-down search or a search of a student's garments (such as jackets, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex as the student and with another adult witness of the same sex present, when feasible. A more intrusive search, short of a strip search, of the student's body, handbags, book bags, etc. is permissible in emergency situations when the health and safety of students, employees, or visitors are threatened. Such a search may only be conducted in private by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by the delay which may be caused by following these procedures. Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on the school premises may be searched if the school official has reasonable and articulable suspicion to believe that illegal, unauthorized or contraband items are contained inside.

## **STUDENTS HEALTH, WELL-BEING AND SAFETY**

### **ABUSE AND HARASSMENT**

Physical abuse is a non-accidental physical injury that leaves a mark at least 24 hours after the incident. While employees cannot use physical force to discipline a student, there are times when the use of physical force is appropriate. The times when physical force is appropriate include, but are not limited to, times when it is necessary to stop a disturbance, to obtain a weapon or other dangerous object, for purposes of self-defense or to protect the safety of others, to remove a disruptive student, to protect others from harm, for the protection of property or to protect a student from self-infliction of harm.

Sexual abuse includes, but is not limited to, sexual acts involving a student and intentional sexual behavior as well as sexual harassment. Sexual harassment is unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct

of a sexual nature when submission to such conduct is made either implicitly or explicitly a term or condition of the student's education or benefits; submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or the conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive educational environment. Verbal abuse includes, but is not limited to, unwelcome written or spoken comments that are considered inappropriate, threatening or harassing in nature.

The school district does not tolerate employees physically or sexually abusing or harassing students. Students who are physically or sexually abused or harassed by an employee should notify their parents, teacher, principal or another employee. The Iowa Department of Education has established a procedure for investigating allegations of physical or sexual abuse of students by employees. That procedure requires the school district to follow due process and designate an independent investigator to look into the allegations. The school district has designated the Superintendent at 752-8747 as its Level I investigator.

Harassment, bullying and abuse are violations of school district policies, rules and regulations and, in some cases, may also be a violation of criminal or other laws. This covers student-by-student and employee by student violations. Students whose behavior is found to be in violation of this policy after an investigation will be subject to discipline, up to and including, suspension and expulsion. The school district has the authority to report students violating this rule to law enforcement officials.

Students who feel that they have been harassed or bullied should:

- Communicate to the harasser or bully that the student expects the behavior to stop, if the student is comfortable doing so. If the student needs assistance communicating with the harasser or bully, the student should ask a teacher, counselor or principal to help.
- If the harassment or bullying does not stop, or the student does not feel comfortable confronting the harasser or bully, the student should:
  - tell a teacher, counselor or principal; and
  - write down exactly what happened, keep a copy and give another copy to the teacher, counselor or principal including:
    - what, when and where it happened;
    - who was involved;
    - exactly what was said or what the harasser or bully did;
    - witnesses to the harassment or bullying;
    - what the student said or did, either at the time or later;
    - how the student felt; and
    - how the harasser or bullying responded.

Sexual harassment may include unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature. Harassment or bullying on the basis of age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status or familial status includes conduct of a verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble persons when:

- places the student in reasonable fear of harm to the student's person or property;
- has a substantially detrimental effect on the student's physical or mental health;
- has the effect of substantially interfering with the student's academic performance; or
- has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Sexual harassment includes, but is not limited to:

- verbal, physical or written harassment or abuse;
- pressure for sexual activity;
- repeated remarks to a person with sexual or demeaning implications; and
- suggesting or demanding sexual involvement, accompanied by implied or explicit threats.

Harassment or bullying based upon factors other than sex includes, but is not limited to:

- verbal, physical, cyber, or written harassment or abuse;
- repeated remarks of a demeaning nature;
- implied or explicit threats concerning one's person, grades, job, etc; and
- demeaning jokes, stories or activities.

The West Burlington School District has established the following harassment plan to investigate such allegations:

## **HARASSMENT PLAN**

### **A. 1st Offense**

- Referral to the Principal
- Conference with principal, counselor, or police officer. Appropriate warning or consequences may result.

## **B. 2nd and Subsequent Offenses**

- School consequences assigned by principal depending on severity of harassment, from assigning demerits, suspension, expulsion, or notification of law enforcement.

## **ADMINISTRATION OF MEDICATION**

Students may need to take prescription or non-prescription medication during school hours. The school must know the medication a student is taking in the event the student has a reaction or illness. Students must provide written instructions for administration of the medication as well as parental authorization to administer the medication. Medication is held in a locked cabinet and distributed by any employee certified to do so. Medication must be in the original container with the following information either on the container, in the instruction sheet or in the parental authorization: name of the student; name of the medication; directions for use including dosage, times and duration; name, phone number and address of the pharmacy (if applicable); date of the prescription (if applicable); name of the physician (if applicable); potential side effects; and emergency number for parents.

## **ASBESTOS NOTIFICATION**

The West Burlington Arnold Junior/Senior High School building does contain some asbestos. This possible carcinogen is found in small amounts in some low traffic areas of the school. Inspection and treatment according to EPA regulations has been done. An asbestos management plan has been developed for the school district facilities. A copy of the management plan is available for inspection in the office.

## **COMMUNICABLE & INFECTIOUS DISEASES**

Students who have an infectious or communicable disease are allowed to attend school as long as they are able to do so and their presence does not pose an unreasonable risk or harm to themselves and do not create a substantial risk of illness or transmission to other students or employees. The school nurse will determine the level of risk. If there is a question about whether a student should continue to attend classes, the student shall not attend class or participate in school activities without their personal physician's approval. Infectious or communicable diseases include, but are not limited to, mumps, measles chicken pox and whooping cough.

## **EMERGENCY DRILLS**

Periodically the school holds emergency fire, tornado, and intruder/bomb/other safety drills. At the beginning of each trimester, teachers notify students of the procedures to follow in the event of a drill. Emergency procedures and proper exit areas are posted in all rooms. Students are expected to remain quiet and orderly during a drill or an emergency. Students who pull the fire alarm or call in false alarms, in addition to being disciplined under the school district's policies, rules and regulations, will be reported to law enforcement officials.

## **HEALTH AND ACCIDENT INSURANCE**

Student health and accident insurance is available to students at the beginning of the school year. Parents may purchase insurance for their children at their discretion. Parents who would like more information about student health and accident insurance should contact the office. Student athletes must have health and accident insurance in order to participate in intramural or extracurricular athletics. Students must provide written proof of insurance prior to the start of the athletic activity.

## **HEALTH SCREENING**

Throughout the year, the school district sponsors health screening for vision, hearing, scoliosis, and height and weight measurements. Students are automatically screened unless the parent submits a note asking the student be excused from the screening. The grade levels included in the screening are determined annually. Parents are notified prior to the health screening. However, upon a teacher's recommendation and with parental permission, students not scheduled for screening may also be screened.

## **HOMELESS**

Any school age youth, who lacks a fixed, regular, and adequate nighttime residence, is considered homeless. Such identified youth need to be reported to the Homeless Liaison Officer for the School District, Bruce Snodgrass at 754-6567.

## **IMMUNIZATIONS**

Prior to starting school or when transferring into the school district, students must present an approved Iowa Department of Public Health immunization certificate signed by a health care provider stating that the student has received the immunizations required by law. Students without the proper certificate are not allowed to attend school until they receive the immunizations or the student provides a valid Iowa State Department of Health Certificate of Immunization Exemption to be exempt from this requirement. Only for specific medical or religious purposes are students exempted from the immunization requirements. Students may also be required to pass a TB test prior to attending school. Parents who have questions should contact the office.

## **INJURY OR ILLNESS**

A student who becomes ill or is injured at school must notify his or her teacher or another employee as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify the parents according to the information on the emergency form. If the student is too ill to remain in school, the student is released to the student's parents or, with parental permission, to another person directed by the parents. While the school district is not responsible for treating medical emergencies, employees

may administer emergency or minor first aid if possible. The school contacts emergency medical personnel if necessary and attempts to notify the parents where the student has been transported for treatment.

### **PHYSICAL EXAMINATIONS**

Parents are encouraged to have their children receive periodic physical examinations. Students participating in athletics are required to provide a school district physical examination form signed by the student's doctor (or chiropractor) stating the student is physically fit to perform in athletics prior to the start of the sport. Failure to provide proof of a physical examination makes the student ineligible. Students who cannot afford the cost of the physical examination should contact the coach of their sport. Physical examinations are good for one calendar year only.

### **Threats of Violence**

All threats of violence, whether oral, written, or symbolic, against students, employees, visitors, or to school facilities are prohibited. All such threats will be promptly investigated. Law enforcement may be contacted. Threats issued and delivered away from school or school activities may be grounds for disciplinary action if the threat impacts the orderly and efficient operation of the school. Students engaging in threatening behavior will face disciplinary consequences up to and including expulsion.

The following factors will be considered in determining the extent to which a student will be disciplined for threatening or terroristic behavior; the background of the student, including any history of violence or prior threatening behavior; the student's access to weapons of any kind; the circumstances surrounding the threat; the age of the student; the mental and emotional maturity of the student; cooperation of the student and his or her parent(s) or guardian(s) in the investigation; the existence of the student's juvenile or criminal history; the degree of legitimate alarm of concern in the school community created by the threat, and any other relevant information from any credible source.

## **STUDENT ACTIVITIES**

### **ARRIVAL/SCHOOL DAY**

The regular school hours for students are from 8:10 AM to 3:28 PM. Students should not be present more than 25 minutes before or 25 minutes after the regular school day due to supervision concerns. If school is dismissed early, students are expected to leave the school grounds within 25 minutes of dismissal. On days of a late start students are not to be at school more than 25 minutes before the start of the school day.

### **ACTIVITY BUS**

The school district may sponsor an activity bus to transport students to school activities. A fee may be charged to students riding the activity bus. Riding on the activity bus is a privilege that can be taken away. Students who ride an activity bus must ride to and from the event on the bus unless prior arrangements have been made with the principal, teacher, sponsor or coach. Students will not be allowed to ride to and from a school-sponsored activity with anyone except parents unless written verification from parents is received. Students will be released to adults only. Students will not be allowed to drive themselves when they are participating in an activity.

### **ACTIVITY TICKETS**

Students may purchase an activity ticket for admission to certain school district activities. Students not wishing to purchase an activity ticket must pay regular prices to attend school district activities. Students who cannot afford an activity ticket should contact the superintendent.

### **ASSEMBLIES/ATHLETIC CONTESTS/SPECIAL EVENTS**

Throughout the year the school district may sponsor activities. Attendance at these activities is a privilege. Students will be expected to sit where assigned and show courtesy and proper attention to all speakers and/or participants. Students who do not follow these guidelines will be asked to leave the event and be referred to the principal. Students who have violated the Good Conduct Policy, regardless if they are an athlete or not, are ineligible to participate in events outside the regular school day. It shall be the duty of the administration to exclude the student from participating or attending any extracurricular activities until the suspension has been served.

### **DANCES**

The principal must approve all school-sponsored dances at least two weeks prior to the dance. Guests must be signed in at the office prior to the dance they wish to attend. Students and guests who leave a dance are not allowed to re-enter the dance. School district policies, rules and regulations apply to students as well as guests at school dances. Students and guests violating school district policies, rules or regulations will be asked to leave the dance and school grounds. Only high school students may attend high school dances, and only junior high students may attend junior high dances. Any student may bring only 1 guest per dance when guests are permitted. All guests must be currently enrolled in an accredited high school. The school district reserves the right with reasonable suspicion to search students and apply breathalyzers and other drug tests. To attend the dance students must have taken care of all financial obligations to the district and all school obligations like detentions.

## ELIGIBILITY FOR ACTIVITIES

Students may participate in interscholastic athletics, music, extracurricular drama or speech, and other contests or events approved by the administration subject to the conditions listed below:

1. No student shall participate in athletic/cheerleading practices or events without filing a doctor's certificate of good health and an insurance note with the school office.
2. Any student whose conduct and/or habits while at school, on school grounds, at school sponsored activities or riding in school transportation are such as to make him/her unworthy to represent the ideals, principles, and standards of the school shall be declared ineligible. Any student shall also be declared ineligible if conduct away from the school setting results in the school being officially notified by a law enforcement agency. It shall be the duty of the superintendent or his delegated principal to exclude the student from participating in any of the extracurricular activities until reinstated by the school administration for inappropriate conduct or habits away from the school setting.
3. Academic eligibility for participation in extracurricular activities at West Burlington Arnold Junior/Senior High School is based on the following language for the No Pass/No Play Rule of Iowa Code 36.15 (2) Scholarship Rules:
  - a. All contestants must be enrolled and in good standing in a school that is a member or associate member in good standing of the organization sponsoring the event.
  - b. All contestants must be under 20 years of age.
  - c. All contestants shall be enrolled students of the school in good standing. They shall receive credit in at least four subjects, each of one period or "hour" or the equivalent thereof, at all times.

To qualify under this rule, a subject must meet the requirement of 281- Chapter 12. Coursework taken under the provisions of Iowa Code chapter 261C, postsecondary enrollment options, for which a school district or accredited nonpublic school grants academic credit toward high school graduation shall be used in determining eligibility. This provision only applies to students enrolled in PSEO courses.

1. **JH STUDENTS** - Each contestant shall be passing all coursework for which credit is given and shall be making adequate progress toward requirements at the end of each grading period. Grading period and any interim periods of ineligibility are determined by local policy. The Junior High "grading period" shall mean the end of each academic term (12 weeks). Coaches may enforce a 4 week progress report eligibility policy as well. All JH students that received a failing grade and the end of the grading period will be ineligible to dress for and compete in the next occurring interscholastic athletic contest they are involved in for 15 calendar days from the first playing date.
2. **HS STUDENTS** - Each contestant shall be passing all coursework for which credit is given and shall be making adequate progress toward graduation requirements at the end of each grading period. Grading period, graduation requirements, and any interim periods of ineligibility are determined by local policy. For purposes of the sub-rule, "grading period" shall mean the period of time at the end of which a student in grades 9 through 12 receives a final grade and course credit is awarded for passing grades.
3. Subject to the provision below regarding contestants in interscholastic sports, if at the end of any grading period a contestant is given a failing grade in any course for which credit is awarded, the contestant is ineligible to dress for and compete in the next occurring interscholastic athletic contests and competitions for 30 consecutive calendar days.
  - a. A student with a disability who has an individualized education program shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by school officials, towards the goals and objectives on the student's individualized education program.
  - b. A student who meets all other qualifications may be eligible to participate in interscholastic athletics for a maximum of twelve (12) consecutive terms, or 4 consecutive years upon entering the ninth grade for the first time. However, a student who engages in athletics during the summer following eighth grade is also eligible to compete during the summer following twelfth grade. Extenuating circumstances, such as health, may be the basis for an appeal to the executive board which may extend the eligibility of a student when the executive board finds that the interests of a student and interscholastic athletics will be benefited.
  - c. A student is academically eligible upon entering the ninth grade. No student shall be eligible to participate in any given interscholastic athletic sport if the student has engaged in that sport professionally.
  - d. No student who has been a member of a college squad or who has trained with a college squad or participated in a college contest shall be eligible for any athletic contest.
  - e. A student who is eligible at the close of a trimester is academically eligible until the beginning of the subsequent term.
  - f. The superintendent of schools, with the approval of the local board of education, may give permission to a dropout student to participate in athletics upon return to school if the student is otherwise eligible under these rules.
4. **Fine Arts eligibility:** A student that does not pass all credit earning coursework at the end of a term will have a 30 school day period of ineligibility to begin the school day following the day grades are issued by the district.
5. **To Regain Eligibility:**

The student must attend all practices and/or rehearsals during the ineligibility period and remain out for the activity the entire length of the activity. The student must be under direct supervision of the coach/sponsor during this period of

ineligibility. The student may not “suit up” or perform or participate in any contests or games during the ineligibility period. . If the student does not complete the terms of the ineligibility, it will start over at the start of the next activity the student seeks to participate in.

**Students with Disabilities: A student with a disability will be eligible if the student is making adequate progress toward the goals and objectives on the student’s IEP.**

**FAMILY NIGHT**

Wednesday night is designated as family night. No school functions, practices, or games will be scheduled after 6:00 p.m. on this night without school board approval. The only exception would be if an agency or group outside of the school schedules tournaments or meetings on this night.

**FIELD TRIPS**

Field trips may be taken as an extension of classroom activities. If a field trip is required for a course, students are expected to attend, unless they are not meeting academic standards in other classes. Absences in other classes or activities due to such field trips are considered excused absences. While on field trips students are considered representatives of the district and as a result will be expected to follow all district behavior guidelines. Prior to the field trip, students may be asked to return a permission form signed by the student’s parents.

**FUNDS AND FUND RAISING**

Students may raise funds for school activities upon approval of the principal and superintendent. Funds raised remain in the control of the school district and board. Such organizations must have the approval of the principal and superintendent prior to spending the money raised. Students may not solicit funds from teachers, employees, or other students during the school day. Violations of this rule may result in future fund raising activities being denied.

**OPEN CAMPUS LUNCH**

Open campus is the privilege of seniors and 6-11 students who live within walking distance of the school with parental consent to leave the high school campus for lunch. The school is not responsible for the student during the student’s absence. All students who meet the following conditions are eligible for open campus lunch:

1. Seniors as defined by the minimum number of credits for senior classification, and are in good standing\* may leave during their lunch period.
2. Students in grades 6-11 who are in good standing\* and live within walking distance of the school may walk home for lunch. In order for a student in grades 6-11 to walk home during their lunch period, the student must have a signed permission slip completed by their parent/guardian on file in the office. The student may only go to their home, must walk, cannot ride with anyone, and cannot have other students come to their home.
3. Any student in good standing\* may be signed out at the office by a parent/guardian to go out for lunch.
4. All High students are allowed to have Open campus lunch on Early Dismissal school days when the high school lunch period is at the end of the school day.

**\*Good standing means that a student:**

1. Is not failing any classes
2. Does not have a Good Conduct policy violation
3. Has no more than 3 demerits for the year
4. Is an active participant in a school club or extracurricular activity

For the first violation of the Good Conduct policy, the student loses open campus lunch for one month. A second violation will result in loss of open campus lunch privileges for the remainder of the year. A student that receives a 4<sup>th</sup> demerit will be ineligible for open campus lunch for one month. Any additional demerits will result in ineligibility for open campus lunch for the remainder of the year.

Any student returning to school late after lunch will lose open campus lunch privileges for 1 week. A second late return will result in four weeks of lost open campus lunch privileges and a third late return will result in the loss of this privilege for the remainder of the year. Any student that has had open campus privileges revoked and commits an open campus lunch violation will have the open campus revocation doubled. A second open campus lunch violation while revoked will result in the loss of open campus lunch for the remainder of the year. Any open campus lunch violation will be seen as truancy and could be subject to suspension.

Any student in grades 6-11 observed driving at lunch, accepting a ride from another at lunch, going anywhere other than their own home, or exhibiting any inappropriate behaviors during their lunch period will lose their privileges for the remainder of the year.

**Any senior observed driving or behaving in an inappropriate manner, transporting underclassmen, or transporting other students in an unsafe manner (including in the back of a pick-up) during their lunch period will lose their open campus lunch privilege for the remainder of the year.**

## **SCHOOL PICTURES**

Parents are notified as to when school pictures will be taken, usually sometime in the fall, and what the costs will be. School pictures must be paid for before packets will be made up. No one is required to purchase the pictures that are taken. School pictures are for use in the school yearbook. Students not showing proper attire or grooming will be asked to make corrections in appearance prior to being allowed to have pictures taken.

## **SCHOOL-SPONSORED STUDENT ORGANIZATIONS**

School-sponsored student organizations are those which are recognized by the school district and board. Participation in such organizations is a privilege. Individual sponsors or coaches may impose rules in addition to those contained in this handbook. The privilege of participation may be suspended or canceled for violating an individual coach or sponsor's rules as well as for violation of school district policies, rules or regulations.

## **SENIOR TRIP**

The West Burlington Arnold High School sponsors a senior trip at the end of the school year. In order to be eligible to attend this function, seniors must: be currently enrolled, have all course work completed, not be under any type of suspension, have all detention time completed, have fees paid and cannot have more than 9 demerits for the year. The deadline for eligibility is the senior's last day of school prior to the trip. Any senior not meeting these eligibility requirements would forfeit any trip fees paid prior to this time.

## **SPORTSMANSHIP**

According to Iowa Code § 716.7: Individuals disrupting school district activities will be asked to stop the disruption and may be asked to leave the school district grounds, temporarily or permanently. Violations should be reported to the principal or designated authority.

## **USE OF SCHOOL DISTRICT FACILITIES BY STUDENT ORGANIZATIONS**

School district facilities are available during non-school hours to school-sponsored student organizations for the purpose of meetings or activities. Students wishing to use the school district facilities should contact their sponsor or the principal to reserve a room. School district policies, rules and regulations are in effect during these meetings.

## **WEST BURLINGTON GOOD CONDUCT RULE**

The objective of the Good Conduct Rule is to establish and provide for the enforcement of specific standards for all students attending West Burlington High School and not just those who are involved in extracurricular (athletics, etc.) co-curricular activities (band, vocal music, etc.) and school sponsored clubs or organizations. This does not include activities that are not sponsored by the school district. This rule shall govern any and all school sponsored activities/clubs. Even though this covers grades 7-12, students will start with a clean slate on the 4<sup>th</sup> Monday of May of the 8<sup>th</sup> grade years as that is when they become eligible for high school sports.

It is the philosophy of the West Burlington Independent School District that participation in extra-curricular and/or co-curricular activities is a privilege to be earned by not only demonstrating a particular talent or ability, but also by demonstrating lawful and reasonable conduct. It is also believed that the attitude and conduct of all students and not just those involved in school activities has an impact on the attitude and conduct of others. This policy shall be in effect the entire calendar year, both during the regular school year as well as all vacation periods.

The Administration may declare a student ineligible whose conduct is contrary to and in violation of the rules and regulations established and made known by the school administration or whose conduct is contrary to or in violation of this policy or any other board policy

The following behaviors or actions by a student may be determined to be in violation of the Good Conduct Rule upon notification by law enforcement of the infraction, by observation of the infraction by school personnel, by student admission of the infraction, or by parental report of the infraction by their student and subsequent investigation by the Administration:

- Possessing, using, selling, or distributing any tobacco or nicotine based product.
- Possessing, using, selling, manufacturing, distributing, or being under the influence of any alcoholic beverage.
- Possessing, using, selling, manufacturing, distributing, or being under the influence of any controlled substance, or a "look-alike" substance unless such substance was prescribed for that student by a valid prescription or order of a licensed medical practitioner while acting in the course of his or her duties.
- Possessing, using, selling, manufacturing, distributing, any drug paraphernalia or apparatus used to allow the person using it to be involved with a controlled substance.
- Engaging in any act that would be grounds for arrest or citation in the criminal or juvenile court system (excluding curfew, traffic, hunting or fishing offenses) regardless of whether the student was cited, arrested, convicted or adjudicated for the act(s).
- Inappropriate or offensive conduct such as fighting, gross insubordination, hazing, or harassment of others including school staff.

If a student transfers in from another Iowa school or school district and the student had not completed a period of ineligibility of a Good Conduct Rule in the previous school, the student shall be ineligible until the terms of the ineligibility imposed by the previous school are met.

### First Offense

A student violating the Good Conduct Rule shall be ineligible to participate in 1/5 of the total number of dates scheduled for competition or performance for all activities that the student is engaged in at the time of the infraction. If the student is not engaged in an activity at that time, it will be enforced for the next activity in which the student is engaged. Students engaged in school clubs as well as athletic or co-curricular activities will be ineligible for club activities during this same time frame. Students that do not participate in athletic or co-curricular activities but are in school clubs will be ineligible for club activities for 45 days or a minimum of one activity (whichever is a longer period of time). Students not engaged in athletics, co-curricular activities, or in school clubs will be ineligible for participation in school social functions (dances) for 45 days or a minimum of one activity (whichever is a longer period of time). To complete the restriction for this policy, an ineligible student shall attend all practices/rehearsals but may not "suit-up" or perform/participate and must be under the direct supervision of the coach or sponsor during the suspension. If these conditions are not met, the 45 day or minimum of one activity will go into effect.

### Second Offense

A student violating the Good Conduct Rule again within one calendar year of the first offense shall be ineligible to participate in ½ of the total number of dates scheduled for competition or performance for all activities that the student is engaged in at the time of the infraction. If the student is not engaged in an activity at that time, it will be enforced for the next activity in which the student is engaged. Students engaged in school clubs as well as athletic or co-curricular activities will be ineligible for club activities during this same time frame. Students that do not participate in athletic or co-curricular activities but are in school clubs will be ineligible for club activities for 90 days or a minimum of two activities (whichever is a longer period of time). Students not engaged in athletics, co-curricular activities, or in school clubs will be ineligible for participation in school social functions (dances) for 90 days or a minimum of two activities (whichever is a longer period of time) and perform 20 hours of community service for the school in order to retain eligibility.

### Third Offense

A student violating the Good Conduct Rule again within one calendar year of the second offense shall be ineligible to participate in extracurricular, co-curricular, and school club or organization activities as well as school social functions for one calendar year if any of those offenses were for drugs, alcohol, tobacco, a serious or aggravated misdemeanor or a felony. If none of the violations were for the above, the period of ineligibility will be 6 months.

### Reduction in Penalty:

1. Evaluation and treatment: A student who has a second violation of the alcohol or drug provision of the Good Conduct Rule may elect to seek an evaluation and, if recommended, treatment from a recognized substance abuse facility at the student's or student's family expense. If the student seeks the evaluation and agrees to waive confidentiality to allow the evaluating facility to report back to the administration regarding recommendations for treatment or follow-up care, the student's penalty for the second offense may be reduced by one half. This reduction is not available for first or third violations.
2. Admission prior to determination: If a student comes forward to a coach, administrator, or activity sponsor by 8:00am on the next school day following the violation of the Good Conduct Rule during the school year or within 48 hours during vacation times to admit (self-report) a violation of the Good Conduct Rule, the student's penalty may be reduced by one third for a first violation, one fourth for a second violation, or three months for a third violation within the student's high school career.
3. Items 1 and 2 above may not be combined.
4. A student who has been found to have violated one or both of the provisions described above prohibiting conduct that would be grounds for arrest or citation, or conduct that is inappropriate or offensive, may seek to reduce the penalty by entering into a Behavior Agreement. The Agreement shall be in writing and shall include, but not limited to, an oral apology for the student's behavior to affected parties, restitution where appropriate, and a possible presentation before students in the elementary or junior high school regarding the inappropriateness of the student's behavior and the lesson he/she learned from the incident. The degree of reduction of the penalty in such situations shall rest with the administrator, but in no event shall the reduction exceed one-half of the penalty for 1<sup>st</sup> or 2<sup>nd</sup> offenses or one-third of the penalty for a 3<sup>rd</sup> offense.

### Violations Occurring During Ineligibility:

If a student is already ineligible at the time of a violation of the Good Conduct Rule, the penalty for the violation will not begin until the student regains eligibility. Example: If a student who is academically ineligible is found to have been in possession of tobacco which is a Good Conduct Rule violation will have the penalty attached when the student is again academically eligible. Example: A student violates the Good Conduct Rule and is ruled ineligible for three games. While ineligible, the student again violates the rule. The second penalty attaches when the first penalty is completed.

### Appeal Process:

There will be two types of appeals. The first is the appeal of the determination of the ineligibility. The second is the appeal to have the violation expunged (available only to students in grades 9-12).

- **Appeal of Determination of the Ineligibility:** Any student found to be in violation of the Good Conduct Rule may appeal to the Principal either orally or in writing within 3 days. The student will need to state why the decision shouldn't apply in the sense that the student did not violate the Good Conduct Rule, the student wasn't given due process in the determination of the violation, or the Good Conduct Rule was not applied correctly. The penalty remains on hold pending the Principal's decision which must be made within 5 days. If the student is still dissatisfied, the student may appeal to the Board of Education by filing a written appeal with the Board Secretary at least 24 hours prior to the next board meeting. The review will be in closed session unless the student's parent (or the student if age 18) requests an open session. The grounds for the appeal are limited to the ones listed above for the appeal to the Principal. If the Board of Education reverses the decision of the administration, the student will have any record of the ineligibility period and violation deleted from the student's record. If the decision is upheld, the ineligibility period begins immediately as outlined in the process.
- **Appeal to Have Violation Expunged:** (Only available to students in grades 9-12). Any student found to be in violation of the Good Conduct Rule at the First or Second Offense level for an action not involving tobacco, alcohol, or drugs may appeal to the Principal within 3 days of the completion of the consequence being served for the violation to have the violation expunged. The Principal will convene a panel consisting of the Principal, 2 Teachers (chosen by the student), and the Student Council President to hear the appeal within 7 days of the request. The student may present information in regards to the circumstances involved with the violation that led to the violation, the outcome of any legal proceedings involving the violation, and any other pertinent information. The panel may deem to expunge the violation with notation that the student will remain at the current level of the Good Conduct Rule violation schedule upon another violation but that the student will have to serve 10 hours of approved community service in addition to the usual consequences for another violation of the Good Conduct Rule. The decision of the panel is final and can't be appealed to the Board of Education

#### To Regain Eligibility:

For First and Second Offense violations, the student must attend all practices and/or rehearsals during the ineligibility period and remain out for the activity the entire length of the activity. The student must be under direct supervision of the coach/sponsor during this period of ineligibility. The student may not "suit up" or perform or participate in any contests or games during the ineligibility period. Any school assigned community or school service must be completed in the time frame established by the school in conjunction with the parent(s). If the student does not complete the terms of the ineligibility, it will start over at the start of the next activity the student seeks to participate in.

## **STUDENT RECORDS**

### **EDUCATIONAL RECORDS**

Student records containing personally identifiable information, except for directory information, are confidential. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the board secretary.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading or in violation of the student's privacy rights. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent and eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, AEA employees, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or student assistance team, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. (Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.)

4. The right to inform the school district that the parent does not want directory information as defined below to be released. Any student over the age of eighteen or parent not wanting this information released to the public must make an objection in writing to the principal by September 10<sup>th</sup> or within 15 days of enrollment (should enrollment occur after that date). It is desirable to renew this objection at the beginning of each school year.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
